IUCN Red List of Ecosystems · Last updated 28 October 2026 · www.iucnrle.org

The first Global Red List of Coral Reef Ecosystems was made possible by the work of hundreds of people and institutions: regional expert teams, monitoring programmes, data custodians, local communities and funders. We are deeply grateful to all of them.

Coordination

IUCN; University of Melbourne; CORDIO East Africa.

Funders

Main funder: MSC Foundation.

Regional contributions: DELTA Environmental and Educational Foundation; Global Affairs Canada.

Funding and in-kind support for regional assessments and data collection: DAAD and BMFTR (ETP); Tamkeen and Mubadala (ROPME); NYU Abu Dhabi Institute (ROPME); Australian Research Council and OceanWise Australia (Australia); CNPq, CAPES, FACEPE, FUNBIO, Instituto Serrapilheira and the Petrobras Socio-environmental Program (Brazil). Many other regional partners also provided in-kind support that made the ten regional assessments possible.

Authors of the regional assessments

Australia: Ben Fitzpatrick, Vania Andreoli, Kristina Heidrich, Mishal Gudka, Franz Smith, Yves-Marie Bozec, Benjamin Cresswell, Nicholas J. Murray
